INDEPENDENT AUDITOR'S REPORT ON AUDIT OF ANNUAL FINANCIAL STATEMENTS

TO THE MEMBERS OF SHREEOSWAL PSYLLIUM EXPORTS INDIA LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of SHREEOSWAL PSYLLIUM EXPORTS INDIA LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, notes to the financial statement and a summary of the significant accounting policies and other explanatory efformation (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1	Accounting and Valuation of Corporate Financial Gu	arantee
	During the year, the Company has provided a corporate financial guarantee amounting to ₹110.00 crores to a related party, with a tenure of 9 years and an annual commission income of ₹11.00 lakhs. The accounting treatment of this arrangement involved significant management judgment in determining the fair value at initial recognition, subsequent amortization under the effective interest rate (EIR) method, and in evaluating the expected credit loss (ECL). Given the absence of observable market data for similar instruments in India, management estimated the initial fair value based on the present value of future commission inflows, discounted at the Company's incremental borrowing rate. This resulted in an initial recognition of the financial guarantee receivable and liability at ₹65.95 lakhs. We identified this as a key audit matter due to: • The complexity and subjectivity involved in the valuation methodology, • Its material impact on the financial statements, • The involvement of a related party, requiring enhanced disclosure and audit attention under Ind AS 24 and SA 550.	 Our audit procedures included, among others: Obtained and assessed the terms of the corporate guarantee agreement. Evaluated the appropriateness of the accounting policy adopted by the Company under Ind AS 109, Ind AS 115, and Ind AS 24. Reviewed the assumptions used by management in estimating the fair value of the guarantee, including the discount rate, fee schedule, and absence of observable market data. Assessed the arithmetical accuracy of the present value computation used for initial recognition. Evaluated the appropriateness of the unwinding approach applied for income recognition under the EIR method. Considered the adequacy of disclosures made in the notes to financial statements

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The
 risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design
 audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the
 Act, we are also responsible for expressing our opinion on whether the Company has
 adequate internal financial controls system in place and the operating effectiveness of such
 controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
- 2. As required by section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books:
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income and the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account:
 - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (IND AS) specified under section 133 of the Act and rules made there under, as applicable;
 - e) On the basis of written representations received from management as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its notes to financial statements- Refer note no. 38 to the financial statements;
 - ii. The company did not have any long term contracts including derivative contracts for which there were any foreseeable losses.
 - iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

i٧.

- a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

- b. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv)(a) and (iv)(b) contain any material mis-statement.
- v. No Dividend is declared or paid by the company during the year.
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. The detailed records inter-alia related to payroll, fixed assets, production & valuation of inventory records, etc. are maintained in physical formats using sheets/ registers where audit trail cannot be enabled. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

- c) In our opinion the term loan were applied for the purpose for which the loan was
- d) No such short term loan funds have been utilized for long term purpose.
- e) The company has not raised any fund from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f) The company has not raised any loan during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

In respect of funds raised through IPO/FPO/Debt finance x.

- a) On the basis of overall examination of the Balance Sheet of the Company, according to the information and explanations provided to us and based on our examination of the records of the company we report that monies raised by way of term loans were applied for the purposes for which those were raised. The Company did not raise any money by way of initial public offer or further public offer (including debt instrument).
- b) In our opinion and according to the information and explanations given to us as well as based on our examination of the records of the company, the company allotted 60,00,000 equity shares at face value of Rs.10 each to holding company on right issue basis for which amount of Rs. 600 lakhs was received as application money during the year 2023-24.

χi.

- a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees was noticed or reported during
- b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central
- c) According to the information and explanations given to us, there are no whistle blower complaints received by the Company during the year.

In respect of Nidhi Company xii.

According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.

In Respect of Transactions With Related Parties xiii.

According to the information and explanations given to us, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

In Respect of Internal Audit System χiν.

According to the information and explanations given to us and based on our examination of the records of the Company, the company is not required to implement internal audit system commensurate with the size and nature of its business. Thus this clause is not applicable.

In respect of Non-Cash Transactions χV.

According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order are not applicable.

In respect of compliance of section 45IA of the RBI Act, 1934 xvi.

- a) The Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi)(a)of the Order is not applicable.

- c) The Company is not a core investment company (CIC) as defined in the regulations made by the reserve Bank of India. Accordingly clause 3(xvi)(c) of the order is not applicable.
- d) According to information and explanations given to us during the course of audit, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

xvii.

The company has not incurred cash losses in the current financial year, it incurred cash losses in the immediately preceding financial year of Rs. 802.68 Lacs.

In respect of resignation of statutory auditors xviii.

There has been no resignation of the statutory auditors during the year.

In respect of any material uncertainty to meet liability xix.

In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements ,our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which cause us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

In Respect of Unspent Amount Under Section 135(5) of The Companies Act, 2013

a) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, there was no such unspent amount to be transferred to fund specified in Schedule VII to the Companies Act. Accordingly, paragraphs 3(xx)(a) of the Order are not applicable.

b) The Company does not have ongoing projects under section 135 of the Companies Act. Accordingly, paragraphs 3(xx)(b) of the Order are not applicable.

ANNEXURE B

To the Independent Auditors' Report on Financial Statements of SHREEOSWAL PSYLLIUM EXPORTS INDIA LIMITED (Referred to our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SHREEOSWAL PSYLLIUM EXPORTS INDIA LIMITED ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Date: 30/05/2025

Notes to Financial Statements for the year ended 31st March 2025

1.1 CORPORATE INFORMATION

Shreeoswal Psyllium Exports India Limited ("the Company") was originally registered as a partnership firm as "M/s Oswal Psyllium Exports" dated December 14, 2007 which was then converted into public limited company i.e. Shreeoswal Psyllium Exports India Limited having CIN: U01100MP2018PLC045146 vide fresh certificate of incorporation dated February 28, 2018.

The registered office of the Company is situated at Oswal House, Opposite Bal Kavi Bairagi College, Village-Kanawati, Neemuch -458441, Madhya Pradesh, India.

Shreeoswal Psyllium Exports India Limited ("the Company") is a limited company incorporated in India under the provisions of the Companies Act, 2013. The Company is a Processing unit involved in production of psyllium husk along with its Trading.

1.2 BASIS OF PREPARATION

COMPLIANCE WITH IND-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

CURRENT / NON-CURRENT CLASSIFICATION

All assets and liabilities have been classified and disclosed as current or non-current as per the Company's normal operating cycle and other criteria set out in division II of Schedule III of the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current or non-current classification of assets and liabilities.

BASIS OF MEASUREMENT

The Company's financial statements have been prepared on a historical cost basis, except for the assets and liabilities that require measurement at fair value in accordance with Ind AS. The financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs (INR 00,000), except otherwise indicated.

1.3 SUMMARY OF MATERIAL ACCOUNTING POLICIES

a. Key accounting estimates and judgments

The preparation and presentation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses during the period.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Accounting estimates could change from period to period. Any revision to accounting estimates is recognized prospectively in the current and future periods, and if material, their effects are disclosed in the financial statements. Actual results could differ from the estimates. Any difference between the actual results and estimates are recognized in the period in which the results are known/materialize.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

I. Measurement of defined benefit obligations

FRN No. 003390C

II. A remark and likelihood of occurrence of contingencies

SHREEOSWAL PSYLLIUM EXPORTS INDIA LIMITED, NEEMUCH Notes to Financial Statements for the year ended 31st March 2025

III. Recognition of deferred tax assets

b. Inventories

Inventories are valued at lower of cost and net realizable value (except as otherwise stated) on an item-by-item basis, as under:

Raw materials, packing materials, stores and spares: Cost of inventory comprises all costs of purchase, duties and taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition. Raw materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a first-in first-out formula.

Work-in-progress and finished goods: Cost includes direct materials and costs of conversion in the form of labour and a systematic allocation of fixed and variable production overheads. It also includes other costs which are incurred in bringing the inventories to their present location and condition. The allocation of fixed production overheads is based on normal capacity of production. Cost is determined on first-in first-out formula. The expected scrap value is deducted from the cost to arrive at the net cost of inventories. However, cost of inventories neither includes abnormal amounts of wasted material nor any scrap realizations there from.

By products and scrap are recognized at their net realizable value.

Stock-in-trade: Cost includes cost of purchases, duties and taxes (other than those subsequently recoverable from authorities) and other costs which are incurred in bringing the inventories to their present location and condition. Cost is determined on a first-in first-out formula.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Cost of agricultural produce is deemed to be the fair value on the date of rise.

Cost of finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

c. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

FRN No. 003390C

The tax expenses for the period comprise of current tax and deferred tax. The Company exercises judgment in computation of current tax considering the relevant rulings and reassesses the carrying amount of deferred tax assessation as the end of each reporting period

Notes to Financial Statements for the year ended 31st March 2025

d. Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Cost comprises of purchase price net of trade discounts and rebates, non-refundable duties and taxes, any directly attributable cost of bringing the asset to its working condition for its intended use. Cost also includes borrowing cost directly attributable to acquisition / construction of a qualifying asset up to the date the asset is ready for its intended use. Subsequent expenditure on fixed assets is capitalized only if such expenditure results into an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Capital work-in-progress comprises the cost of property, plant and equipment that are yet not ready for their intended use at the balance sheet date. The depreciable amount of a depreciable fixed asset is allocated on a systematic basis to each accounting period over the useful life of the asset. Management's estimate of useful life, which is duly supported by technical evidence, is as stipulated in Schedule II to the Companies Act, 2013. The useful life is for the whole of the asset, except where cost of a part of the asset is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part ("component") is determined separately and the depreciable amount of the said component is allocated on a systematic basis to each accounting period during the useful life of the asset.

In arriving at the depreciable amount, residual value in case of certain assets are considered to be more than 5% of the original cost, this estimate of residual value is duly supported by technical advice. Depreciation on assets acquired during the year is calculated on a pro-rata basis from the date of addition. Similarly, depreciation on assets sold, discarded, demolished or destroyed during the year is also calculated on a pro rata basis up to the date on which such asset has been sold, discarded, demolished or destroyed. Depreciable assets costing up to Rupees 1,000/- are depreciated fully in the year of acquisition The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

e. Leases

FRN No. 003390C

The Company, as a lessee, recognizes a right of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-termand low value leases, the Company recognizes the lease payments as an operating expense on a straight line basis over the lease term.

Notes to Financial Statements for the year ended 31st March 2025

f. Employee benefits

Short term employee benefits

All employee benefits which fall due wholly within twelve months after the end of the period in which employee renders the related service are classified as short-term employee benefits. Undiscounted value of short term benefits such as salaries, wages, bonus and ex-gratia are recognized in the period in which the employee renders the related service.

Defined Contribution Plans:

The Company's Employee's Provident Fund scheme, Employee's State Insurance Scheme and Employee's Superannuation Scheme are defined contribution plans. The Company's contribution payable under the schemes is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

Defined benefit plan Gratuity

The Company operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The defined benefit plan surplus or deficit on the balance sheet comprises the total for each of the fair value of plan assets less the present value of the defined liabilities. The cost of providing benefits under the defined benefit plan is determined based on independent actuarial valuation using the projected unit credit method. The gratuity liability is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on the market yield on government securities as at the balance sheet date.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in profit or loss on the earlier of:

The date of the plan amendment or curtailment, and

The date that the Group recognizes related restructuring cost

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and Net interest expense or income

As per Actuarial Valuations as on 31st March, 2025 and recognised in the financial statements in respect of Employee Benefit Schemes: The liabilities arising in the Defined Benefit Schemes are determined in accordance with the advice of independent, professionally qualified actuaries, using the projected unit credit method as at year end.

g. Earnings Per Share

Earnings per share (EPS) is calculated by dividing the net profit for the year attributable to the equity shareholders by weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and weighted average number of shares outstanding during the period is adjusted for the effects of all diluted potential equity shares.

Notes to Financial Statements for the year ended 31st March 2025

h. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators. No such asset was impaired during the reporting period.

i. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

j. Revenue recognition

Revenue is measured at the fair value of consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount or rebates. The Company recognizes revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company.

Revenue from Sale of goods

Revenues from sales of goods are recognized upon transfer of control of promised goods to customer, which are generally on dispatch of goods and the customer has accepted the products in accordance with the agreed terms. There is no continuing managerial involvement with the goods and the Company retains no effective control of goods transferred to a decree usually associated with ownership. Revenue from sales of goods is based on the price quoted in the market or price specified in the sales contracts.

k. Other Income

Other Income is comprised primarily of interest income, discounts and lease rent. Interest income is recognized on accrual basis.

I. Financial Assets

Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at transaction price.

For financial guarantee contracts at initial recognition, financial guarantee contracts are measured at fair value, which, in the absence of an active market, is determined based on the present value of future commission income using the Company's incremental borrowing rate. Subsequently, financial guarantee liabilities are measured at the higher of (i) the amount of the loss allowance determined in accordance with the expected credit loss model and (ii) the amount initially recognized less cumulative income recognized under Ind AS 115 – Revenue from Contracts with Customers. The related income is deferred and recognized in the statement of profit and loss over the term of the guarantee using the effective interest method.

2 ansay

Notes to Financial Statements for the year ended 31st March 2025

Financial guarantee receivables are classified and measured at amortised cost, as they are held within a business model to collect contractual cash flows that are solely payments of principal and interest.

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit and loss or other comprehensive income.

Derecognition of financial assets

A financial asset is derecognized only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the Company has not transferred substantially all risks and rewards of ownership of financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

m. Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as the effective interest rate amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortization is included as finance cost in the statement of profit and loss.

n. Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

o. Litigations

The nature of business of the company is agro based commodities and legal pending cases against the company at district court are due to Non-Germination of Agro Seeds or failure of Seeds Sample and which may be happened by any of the one condition i.e. Climate changes, Soil Issue, excess or less water used while irrigation of crop, Non-Germination and farmer negligence which is not the fault of the company. Further quantum of the amount is not ascertainable and nature of the cases are in criminal hence there was no impact of financial of the Company.

Bomsay

Notes to Financial Statements for the year ended 31st March 2025

p. Financial Liabilities

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are determined to approximate fair value due to the short maturity of these instruments.

q. Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

r. Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

s. Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

The Financial Instruments are categorised into two levels based on the inputs used to arrive at fair value measurement as described below:

LEVEL 1: Quoted Prices (unadjusted) in active markets for indentical assets or liabilities; and

LEVEL 2: Inputs other than the quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

The Company has issued a contnuiting guarantees to Canara Bank Ltd. on behalf of its Related party: Oswal Ethanol and Feed Industry Pvt Ltd amounting to Rs.110.00 crores for a term extending upto year 2033. In consideration of guarantee comapany has received annual (full or part) fees of Rs. 11.00 Lakhs. The fair value of the financial guarantee at inception was determined to be ₹65.95 lakhs, based on the present value of expected future commission income using a discount rate of 9% p.a.. The income from the guarantee is recognized over the tenure of the guarantee in accordance with Ind AS 115 using EIR method. As at March 31, 2025, the carrying value of these guarantees is Rs.55.86 lacs. The liability reflects the higher of expected credit losses and the unamortized initial fair value, as per Ind AS 109. The maximum exposure to credit risk under these guarantees is Rs.110.00 crores (Excluding the value of primary security of Rs. 161.38 crores and collateral security of Rs.56.00 crores against which loan is obtained by borrower).

Notes to Financial Statements Note No: 41 Financial Risk Management

(i) Credit Risk Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk primarily relates to trade and other receivables, long-term loans, cash and cash equivalents.

The Company's exposure to credit risk with regards to trade and other receivables is influenced mainly by the individual characteristics of each customer and there is no significant concentration of risk related to industry segments. The granting of credit is controlled by well-established criteria that are reviewed on a regular basis. The maximum exposure to credit risk at the reporting date is the carrying amount of each trade receivable.

The credit policy requires each new customer to be analyzed individually for credit worthiness before delivery and payment terms

Other receivables consist primarily of security deposits, loans to employees and other receivables. The risk of default is assessed as

The credit risk surrounding loans receivable is assessed as low risk.

Credit risk on cash and cash equivalents is assessed as low risk as the Company deposits cash surpluses with financial institutions of high quality and standing.

The Company actively monitors its cash flows to ensure there is sufficient cash available to meet its working capital requirements. Due to the dynamic nature of the underlying businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's cash and cash equivalents on the basis of expected cash flow.

The Company's current trade and other payables are all due within one year.

The table below summarizes the maturity profile of the Company's financial liabilities as at 31 March 2025 based on contractual Amount in Rs. Lakhs

undiscounted payments:					Amount in Rs. Lakhs
undiscounted paymen			2-4 Years	>4 Years	Total
D. Highlars	Less Than One year	1-2 Years	2-4 fears	-	381.65
Particulars	381.65	-		_	758.84
Trade Payables	-	758.84	-	_	3,144.21
Long Term Borrowings	3.144.21	-	-	-	3,2
Short Term Borrowings	3,2				

(iii) Market Risk

Interest Rate Risk The Company is exposed to interest rate risk on its cash and cash equivalents, long-term loans and borrowings, which can have an impact on the cash flows of these instruments. The exposure to interest rate risk is managed through the Company's Board by using counterparties that offer the best rates which enables the Company to maximize returns whilst minimizing risk.
